

Lalit

Summary

I am a React Native Developer with 5+ years of extensive professional experience in native frontend and backend programming.

Company Name: Betasource Technology Pvt. Ltd.

Developer Designation: React Native Developer

No of Years Experience: 5+ yr Exp.

Skill Areas

Programming Languages: Socket IO, Javascript, TypeScript React Native, Redux, and Rematch

Frameworks: ReactJs, Redux, Payment Gateway, Higher-Order Component

Databases & Stores: MySQL, MongoDB, Firebase, Realm, AsyncStorage, PouchDB

OSes: Linux (Ubuntu), Mac, Windows.

Version Control: Git, GitHub, Gitlab, Bitbucket.

Ides: Visualecode Studio, Android Studio, Xcode, Postman, sublime text,

Work Experience

Sr. React Native Developer

August 2020 to till date

- Develop, test, deploy and release new user-facing features
- Set continuous delivery and continuous improvement in front-end development,
- Developing scalable, reusable components and front-end libraries,
- Translating UI designs and UX wireframes into high-quality codes
- Optimizing components for maximum performance,
- An advocate of general engineering best practices such as domain-driven code architecture, encapsulation, separation of concerns, single responsibility, clean code practices, etc.
- Work as part of a small team to build React Native iOS / Android applications for FullStack's clients.
- Architect, build and maintain excellent React Native applications with clean code.
- Implement pixel-perfect UI's that match designs.

- Implement clean, modern, smooth animations and transitions that provide an excellent user experience.
- Integrate third-party APIs.
- Write unit and integration tests.
- Release applications to the Apple and Google Play stores.
- Work with native modules when required.
- Work as part of a small team, which will include other React Native developers, a project manager, a QA professional, and a designer.
- Complete two-week sprints, and participate in sprint retrospectives and daily standups.
- Assist with building estimates.
- Be part of a community of React Native developers who share knowledge and help each other as problems arise.
- Follow FullStack's detailed development process

Jr. React Native Developer

Aug 2018 to Jul 2020

- Build pixel-perfect, buttery-smooth UIs across both mobile platforms.
- Leverage native APIs for deep integrations with both platforms.
- Diagnose and fix bugs and performance bottlenecks for performance that feels native.
- Reach out to the open-source community to encourage and help implement mission-critical software fixes—React Native moves fast and often breaks things.
- Maintain code and write automated tests to ensure the product is of the highest quality.
- Transition existing React web apps to React Native.
- Create reusable, effective, and scalable JavaScript code
- Design the data and presentation layer of the web application's front-end
- Use additional JavaScript libraries, such as Redux, to manage the web application's state, derive computed data from the state of the system, and make asynchronous API calls
- Translate the client's technical requirements into code

Special Skills

- Great connoisseur of user-centered design and accessibility.
- Extremely creative individual and highly organized and motivated person.
- Ability to design usable and compatible web-based and mobile interfaces.
- Ability to produce extraordinary design and product innovation.
- Demonstrated ability as a good communicator, and professional attitude.
- Ability to understand design briefs and perform well under pressure.
- Demonstrated ability to maintain composure.
- Ability to manage multiple projects.
- Ability to develop and facilitate solid presentations.

Project Management Tools that I used

- Asana
- Wrike
- Teamwork
- Freedcamp
- Jira

I wish to continue to expand my knowledge in the seamless melding of web design and user-centered design described in the world. I am always keen to learn new tools, methods, programming languages, and anything that I will be asked to.

I hereby declare that all given information provided in this resume is factual and correct to the best of my knowledge and belief.

Thanks

&

Regards

Lalit K.
